

INVITATION LETTER

Dear

The Fourth International Conference on Artificial Intelligence and Human-Computer Interaction (ArtInHCI2026) will convene in **Wuhan China, during 16-18 October, 2026**. This premier gathering brings together leading global researchers, technical specialists and industry leaders. The conference aims to showcase the latest research advancements in artificial intelligence and human-computer interaction, fostering exchange and collaboration between academia and industry. On Behalf the Organizing Committee, we warmly welcome you to join in ArtInHCI2026.

The conference will cover cutting-edge technologies such as Artificial Neural Network, Machine Learning and Deep Learning, Speech Recognition, Synthesis and Natural Language Processing, Computer Vision and Image Processing, Future Development of Human-Computer Interaction, Intelligent Robot Applications and Technologies and more. During the conference, participants not only have the opportunity to listen to the latest academic reports, but also to exchange and discuss their own research progress. In addition, the conference also has a paper publication section, and all accepted papers will be included in the conference proceedings, with the opportunity to be included in internationally renowned databases such as EI Compendex and Scopus, further enhancing the academic influence of research results.

More details about the conference can be found at <http://www.artinhci.com/>.

We enthusiastically welcome you at ArtInHCI2026.

Yours sincerely,

Secretary Zhao
On behalf of the ArtInHCI organizing committee
December 18, 2025
